# laying patterns

Products that are supplied in “patterns” consist of combinations of set size flagstones, which enable you to follow classic patterns such as french, greek, english, moroccan and spanish as illustrated here. This means you can lay to these patterns without the waste associated with cutting uniform tiles to appropriate sizes.

## french pattern

Each repeat is 1.44m<sup>2</sup>. There are 12 stones in each repeat

stone	dimensions (mm)	qty
A	600x400	2
B	400x400	4
C	400x200	2
D	200x200	4

## spanish pattern

Each repeat is 3.24m<sup>2</sup>. There are 12 stones in each repeat

stone	dimensions (mm)	qty
A	900x600	2
B	600x600	4
C	600x300	2
D	300x300	4

## moroccan pattern

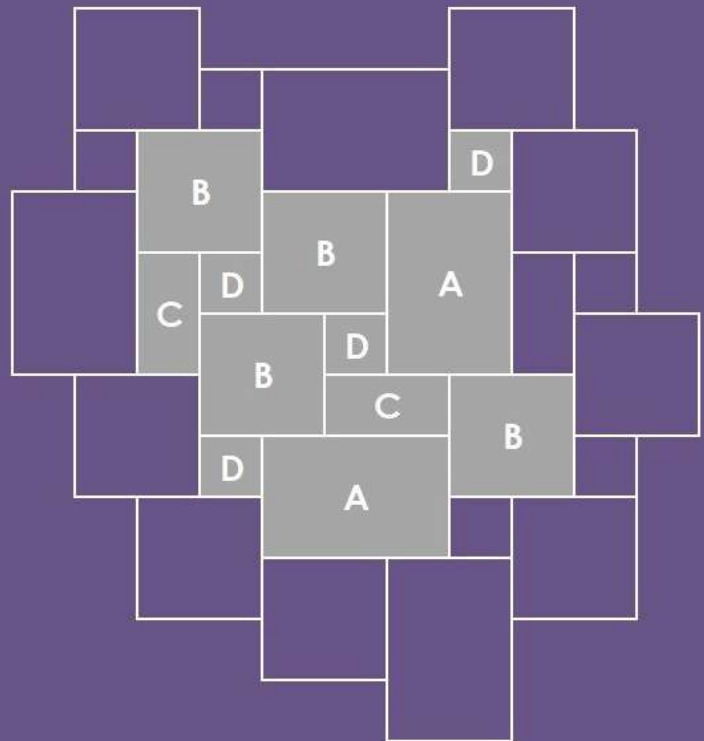

Each repeat is 1.48m<sup>2</sup>. There are 12 stones in each repeat

stone	dimensions (mm)	qty
A	610x406	2
B	406x406	4
C	406x203	2
D	203x203	4

## greek pattern

Each repeat is 2.72m<sup>2</sup>. There are 12 stones in each repeat

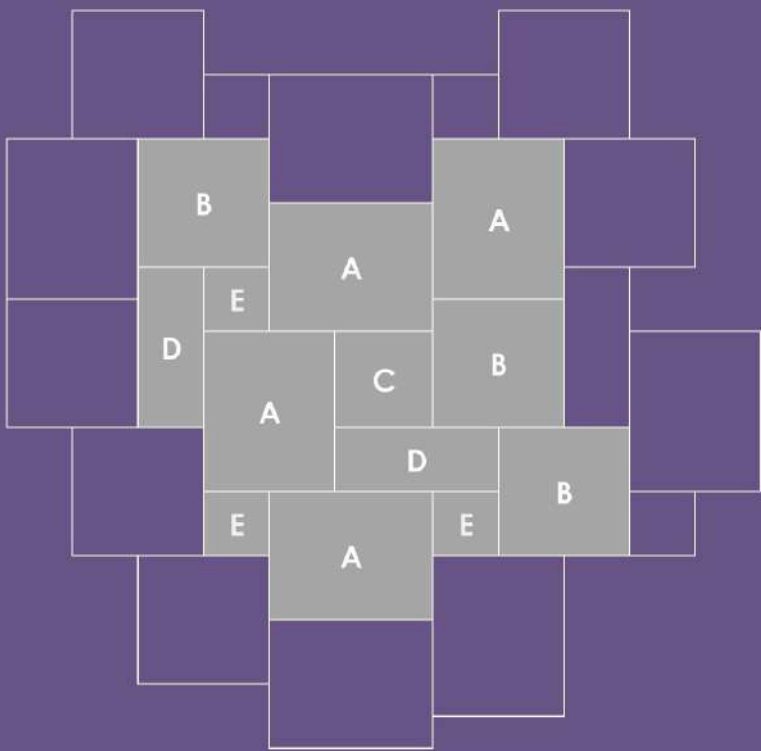

stone	dimensions (mm)	qty
A	762x510	2
B	510x510	4
C	510x255	2
D	255x255	4

When buying a pattern, you must buy at least one complete set of tiles and therefore a minimum number of square metres, depending on the exact number of tiles within that pattern.

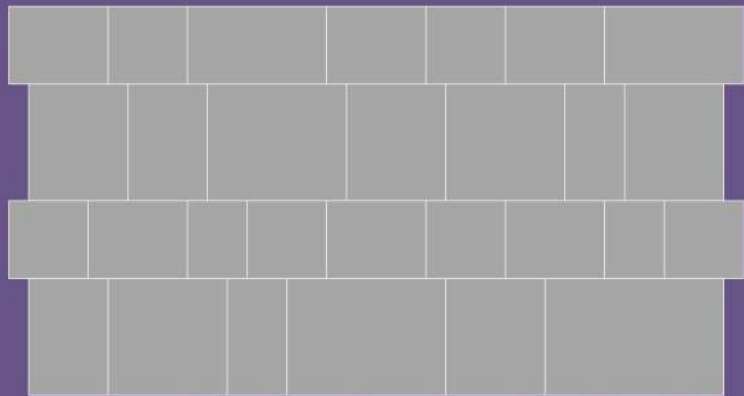

So, for example, one set of “english pattern” consists of 13 stones, and 2.23m² in total.

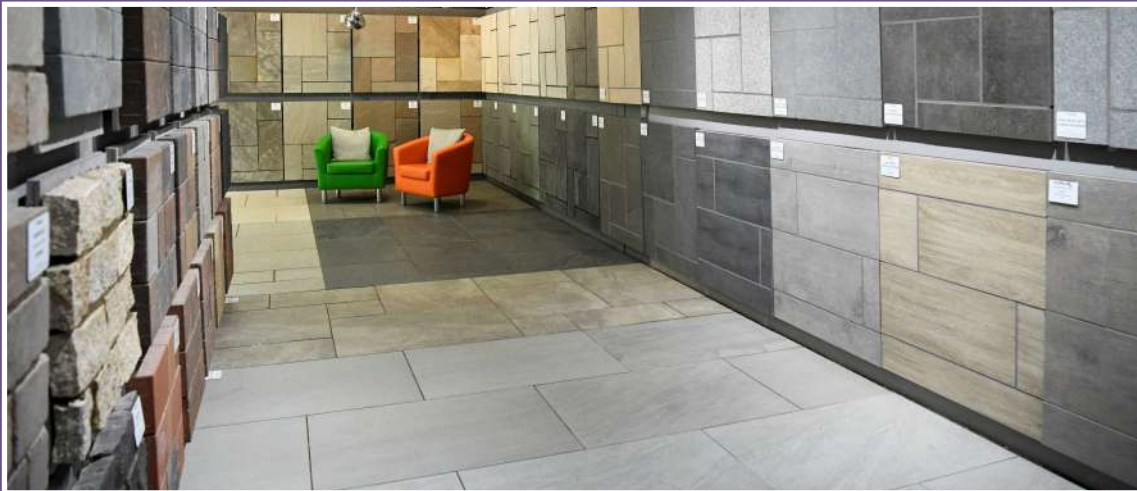

**english pattern**

Each repeat is 2.23m².  
There are 13 stones in each repeat

stone	dimensions (mm)	qty
A	600x450	4
B	450x450	3
C	370x370	1
D	600x220	2
E	220x220	3

Some of our products are available in set widths and random lengths, enabling you to lay flooring to your own free-form pattern.
