contecsw.com

From generations of Cornish fishermen to becoming the South West's leading supplier of natural stone, our family's connection to this land and sea runs deep. As a family-run business, we proudly supply the finest natural stone for paving, walling, and flooring - not only for gardens and outdoor spaces, but also for the heart of the home. From kitchens and living areas to patios and pathways, our stone brings timeless beauty and lasting quality.

clean, seal & maintain

Mattstone

A natural, matt finish impregnating sealer that will delicately enhance colour and texture.

Intensifier and Stain Block

Provides enhanced matt finish. Strongly protects against water, oil, grease and dirt.

Mattstone H2O

Water based impregnating sealer. Environmentally safer and low odour.

Grimex

An intensive cleaner, effective for removing stains such as oil, grease, ingrained dirt, and grime.

Ironwax Gloss

Low maintenance gloss finish film forming acrylic sealer. Enhances colour and texture. Protects against staining and dirt.

Waxwash

Cleans without damaging even the most delicate surfaces. Suitable for use on both sealed and un-sealed surfaces.

laying patterns

Products that are supplied in "patterns" consist of combinations of set size flagstones, which enable you to follow classic patterns such as french, greek, english, moroccan and spanish, as illustrated here. This means you can lay to these patterns without the waste associated with cutting uniform tiles to appropriate sizes.

french pattern

Each repeat is 1.44m². There are 12 stones in each repeat.

stone	dimensions (mm)	qty
A	600x400	2
B	400x400	4
C	400x200	2
D	200x200	4

spanish pattern

Each repeat is 3.24m². There are 12 stones in each repeat.

stone	dimensions (mm)	qty
A	900x600	2
B	600x600	4
C	600x300	2
D	300x300	4

moroccan pattern

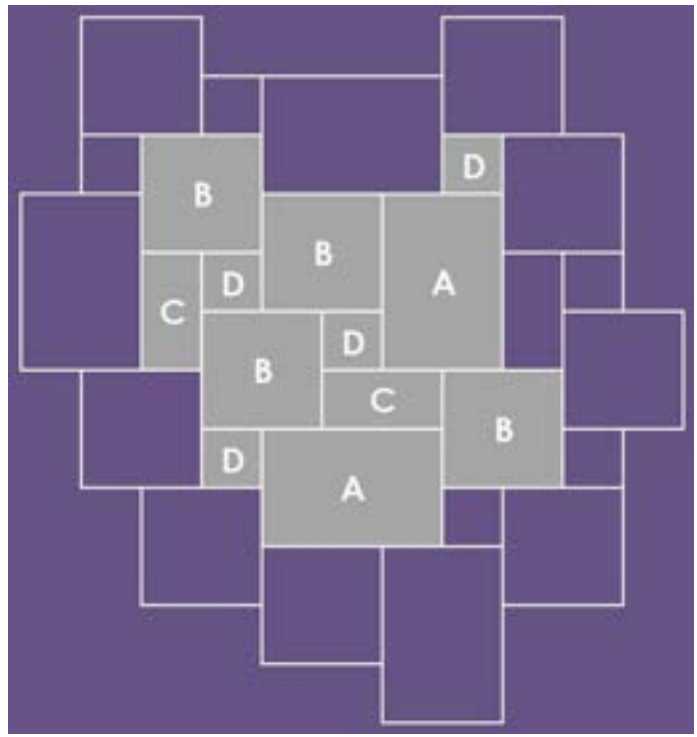
Each repeat is 1.48m². There are 12 stones in each repeat.

stone	dimensions (mm)	qty
A	610x406	2
B	406x406	4
C	406x203	2
D	203x203	4

greek pattern

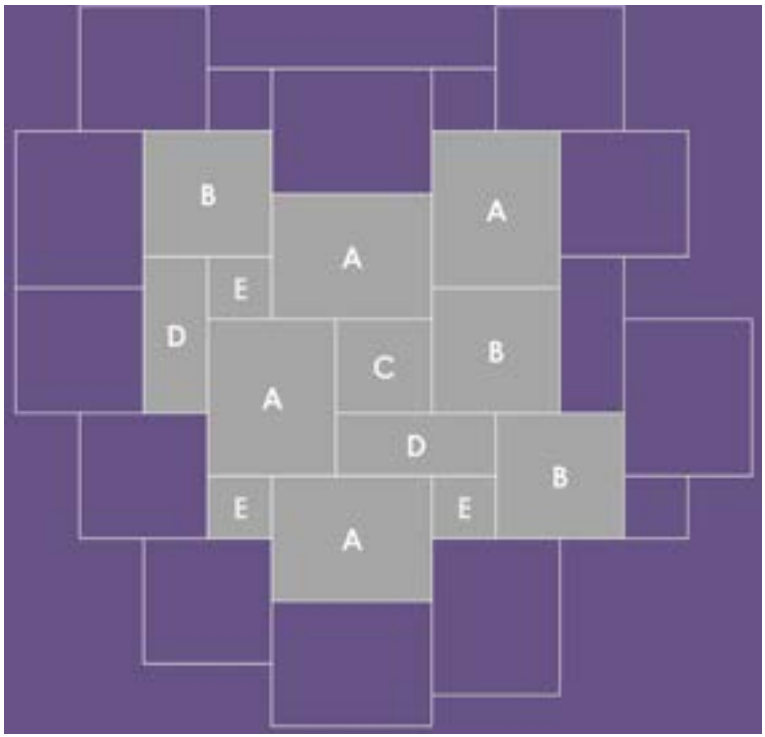
Each repeat is 2.72m². There are 12 stones in each repeat.

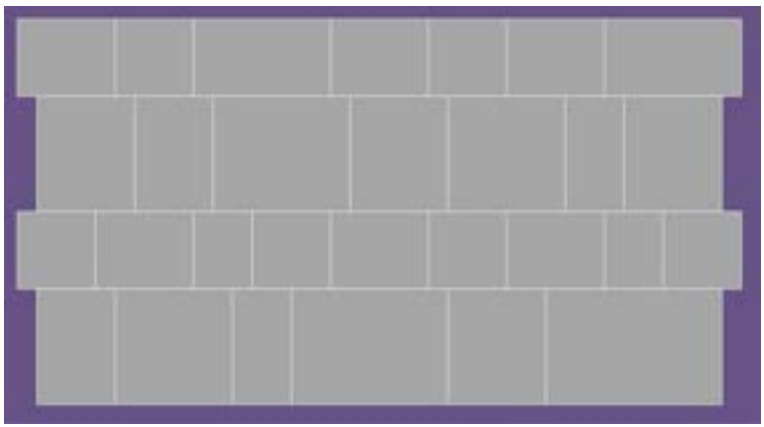
stone	dimensions (mm)	qty
A	762x510	2
B	510x510	4
C	510x255	2
D	255x255	4



When buying a pattern, you must buy at least one complete set of tiles and therefore a minimum number of square metres, depending on the exact number of tiles within that pattern.

So, for example, one set of "english pattern" consists of 13 stones, and 2.23m² in total.





english pattern

Each repeat is 2.23m². There are 13 stones in each repeat.

stone	dimensions (mm)	qty
A	600x450	4
B	450x450	3
C	370x370	1
D	600x220	2
E	220x220	3

Some of our products are available in set widths and random lengths, enabling you to lay flooring to your own free-form pattern.

At Contec, we've built rock solid relationships, sourcing from trusted quarries and suppliers that have consistently delivered beautiful materials to our customers for many years. We are committed to the highest ethical standards in every product we quarry and supply, ensuring continuity, consistency, and quality you can depend on.

All our natural stone is quarried and dressed by skilled craftsmen, using traditional techniques that preserve its beauty and strength. As with all natural materials, variations in colour and texture should be expected, adding to the uniqueness of each project.

Customer service is at the heart of everything we do. Our dedicated customer support team combines deep market knowledge with a passion for delivering outstanding care. We also provide bespoke cutting and finishing services to meet the exact needs of your project.
